Ayer's Ague Cure,

No one remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that

with a perfect certainty that it will eradi are the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.

That which protects from or prevents this disorder must be of immense service in the communities where it prevails. Prevention is better than cure; for the patient escapes the risk which be must run in violent attacks of this baleful distemper. This "Curus" expels the missmalle poisson of Fever and Agme from the system, and prevents the development of the disease, if taken on the first achronich of its presentation symptoms. A ment of the disease, if taken on the first approach of its pivenonitory symptoms. A great superiority of this remardy ever any other ever discovered for the speedy and cer-tain cure of Intermittents is, that it contains no Quinine or mineral; consequently it pro-duces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the discuse.

among which are Neuralgia, Rheumatism, Gout, Headache, Blindness,
Tootbracke, Eurache, Catarch, Asthrun, Pulpitation, Painful Affection
of the spleen, Hysteries, Pain in the
Bowels, Celle, Paralysis, and derangement of the Stomach, all of which, when
originating in this cause, put on the intermittent type, or become periodical. This
"Crurs" expels the polon from the blood,
and consequently cures them all alike. It is
an invaluable pestection to immigrants and
persons transling as temporarily re-bling in
the malarked fistries. If taken occasionally or daily maile exposed to the infection,
that will be exceeded from the system, and
cannot accumulate in sufficient quantity to,
rippe hito, dicase. Hence it is even more
valuable for protection than cure; and few
will ever suffer from Intermittents if they
avail themselves of the protection this remcely affords.

edy affords.

For Liver Complaints, arising from torpid-ity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity, and producing many truly remarkable cures, where other medicines fail.
